Softball tournament benefits community center

A softball tournament sponsored by the Appomattox Baptist Association was held in Pamplin Aug. 7.

It was called "Appreciation" Tournament because it was held to help the Pamplin Community Center raise funds to be applied on the indebtedness incurred in the construction of the facilities at the "Center.".

It was in appreciation of the use by the association of the facilities during the summer months. Sixteen teams took part, including eight men's teams and eight women's teams.

The church teams taking part in the tournament were-Appomattox Baptist Temple, Appomattox & Walker Presbyterian, Elon Baptist, Calvary Baptist, Liberty Baptist, Rocks Baptist, Reedy Springs Baptist, Spout Spring and Hebron Baptist, Spring Creek Baptist and Pamplin Methodist Charge.

The results: Men's Teams-- Pamplin Methodist Methodist Charge, 1st Place; Elon Baptist, 2nd place; Calvary Baptist, 3rd place; Liberty Baptist, 4th place; Women's Teams-Spring Creek Baptist, 1st place; Calvary Baptist #1 (There were two women's teams from this church) 2nd place; Reedy Spring Baptist, 3rd place and Liberty Baptist 4th place.

Originally scheduled over a period of 4 nights and all day Saturday, due to rain Saturday evening, it was necessary to add one more evening of play to complete the program. No games were played on Sunday. 387 man-hours of volunteer help from the above churches, helped with the games. In addition, there were about 50 different people who volunteered to man the snack-bar. The result of this action was $1,598.00 gross profit turned over to the Pamplin Community Center.

There were well over 1,000 persons in attendance. The fellowship was good and so were the spectators.

Horace Coleman, speaking for the Pamplin Community Center and Pamplin Ruritan Club members, said "Our hats are off to those taking part in this event and who made it possible."

Southern States

Add Months to Your Grazing
Stockpile NOW with Southern States Fertilizer
Here's how you can extend the grazing season for fescue and other forage crops into the fall and winter months. If your pasture has not been grazed down to 3-4 inches by mid-August, mow it. Then, top dress with 75-100 pounds of Southern States Nitrogen per acre. Apply Southern States Phosphate and Potash as indicated by soil test. Close off your fields. When you turn your herd in again after the first heavy frost, they'll get many extra tons of high-quality forage to cut feed costs and boost meat/milk production.
